- **Backend**:- Node.js, Express.js,
RESTful APIs
- **Database**:- MongoDB
Supabase (PostgreSQL,
Authentication, Realtime)
- **Tools & Technologies**:- Git &
GitHub, Postman, Vercel /
Render (Deployment)

EXPERIENCE:

MERN INTERN

07/2025 - PRESENT

Concatstring Solutions Private Limited

- Developed and maintained full-stack web applications, ensuring performance, scalability, and reliability.
- Built responsive and user-friendly interfaces with a focus on smooth user experience.
- Designed and integrated RESTful APIs to support seamless frontend-backend communication.
- Worked with databases to manage and optimize data efficiently, while maintaining version control and collaboration through Git.

ONLINE CERTIFICATE:

- Exploratory Data Analysis for
Machine Learning – IBM
- HTML, CSS, and JavaScript for
Web Developers – Johns Hopkins
University
- Database Design and Basic SQL in
PostgreSQL– University of Michigan
- Inheritance and Data Structures in
Java –University of Pennsylvania
- Introduction to Java – Learn Quest
- Building Generative AI-Powered
Applications with Python –AWS
- Cloud Technical Essentials –AWS
- Machine Learning with Python -
IBM

PROJECTS:

ONLINE BOOK STORE WEB APPLICATION

- <https://online-books-frontend.vercel.app/>
- Built a user-friendly platform for browsing and exploring a wide collection of books with smooth navigation.
- Implemented search and interactive UI features to enhance user experience and accessibility.
- Deployed the application on a cloud platform for fast performance and reliable availability.

LUNATICS – INTERACTIVE WEB EXPERIENCE

- <https://lunatics-ten.vercel.app/>
- Developed an interactive and visually engaging web application focused on delivering a smooth and modern user experience.
- Implemented dynamic UI elements and animations to enhance user interaction and overall interface appeal.
- Optimized performance and responsiveness, ensuring seamless usage across devices with fast loading and smooth navigation.
- Ensured clean structure and maintainable code for scalability and future enhancements.
